PROFESSIONAL SUMMARY

Data Analyst with 1+ year of experience at IIM Ahmedabad in data analysis, data validation, statistical modelling, and data visualisation. Skilled in SQL, Python, R, Tableau, and Excel, with experience analysing large financial, ESG, EV, and energy datasets. Experienced in building dashboards, validating multi-source datasets, and translating analysis into decision-support insights.

SKILLS

Data Analytics:	Data Cleaning, Data Validation, EDA, Statistical Analysis, Regression, Forecasting, Time-Series Analysis, Data Visualisation
Technical:	SQL (MySQL), Python, R, Tableau, Excel, Git
Analytical Methods:	Statistical Modelling, Predictive Analytics, Scenario Analysis, Cost-Benefit Analysis
Excel:	PivotTables, Power Query, Solver, Lookups, Conditional Formatting, Data Validation
Data Platforms:	S&P Capital IQ, Bloomberg Terminal, LSEG Workspace, Tracxn, PrivateCircle

PROFESSIONAL EXPERIENCE

Research Associate | Indian Institute of Management Ahmedabad(IIMA) ***Aug 2025 - Present***

Government-supported EV Battery Price Index Initiative | Tableau, Excel, R

- Established an EV battery price-index methodology across 5 datasets and 6 quarters, delivering 3+ KPIs for price and market analysis.
- Validated 30–35 supplier records across 6 quarters using Excel and R, improving consistency of index calculation and reporting.
- Screened 300+ EV manufacturers and OEMs, prioritising 22 companies and securing 3 primary data-sharing partnerships.
- Translated supplier pricing data into a Tableau dashboard, providing 3+ KPIs for market monitoring and stakeholder decision-making.
- Compared alternative cotton sale models using cost-benefit analysis, estimating scenario outcomes between INR -3.37 and INR 45.55/kg.
- Presented research findings and methodology through 6+ presentations to faculty, government representatives, and industry stakeholders.

Data Analytics & Research Intern | Indian Institute of Management Ahmedabad (IIMA) **Jan 2025 - May 2025**

ESG, EV, Energy Analytics Research | Tableau, Python, R

- Cleaned 776 ESG features across 20+ companies, resolving data inconsistencies for statistical analysis and reporting.
- Processed 3.45M+ EV sales records across vehicle categories and sub-sectors, identifying market and industry trends.
- Examined ESG and financial data across 21 Indian energy firms to assess relationships between ESG performance and revenue.
- Created 3 Tableau dashboards covering 20+ Indian energy firms across 9 industries, enabling comparative performance analysis.
- Integrated ESG, stock-price, and financial data from Capital IQ, Bloomberg, and LSEG Workspace for multi-source analysis.

SELECTED PROJECTS

Indian Energy Sector Stock Market Analysis | MySQL | GitHub ↗ **2026 - Present**

- Structured a MySQL database containing 124K+ daily observations across 25 Indian energy-sector companies.
- Applied data-quality checks for duplicates, NULLs, OHLC integrity, and trading-date gaps using CTEs and window functions.
- Established a raw-to-staging-to-analysis workflow supporting reproducible SQL-based data validation and time-series analysis.

ESG Drivers of Energy Companies' Revenue - Regression Analysis | Python, R | GitHub ↗ **2025**

- Modelled company revenue using 18 ESG predictors, with the overall regression achieving $p < 2.2 \times 10^{-16}$.
- Reduced predictors from 18 to 12 using VIF diagnostics and variable elimination, improving adjusted R^2 from 0.818 to 0.842.

LSTM vs ARIMA – Indian Energy Sector Stock Forecasting | Python | GitHub ↗ **2025**

- Benchmarked LSTM against ARIMA/SARIMA across 21 Indian energy companies and 9 sub-sectors, achieving 2–10% test MAPE for most firms.
- Investigated forecasting anomalies across 3 Adani Group stocks, where train MAPE reached 47.7% versus 5.5% on test data.

EDUCATION

M.Sc., Big Data Analytics - St. Xavier's College (Autonomous), Ahmedabad | 81.85% **2023 - 2025**

Foundational course in Data Science - Indian Institute of Technology Madras (IITM) | 86.3% **2022 - 2023**

B.Sc., Physics - St. Xavier's College (Autonomous), Ahmedabad | 71.02% **2019 - 2022**
